Student Agreement

By submitting this application, I understand that I must commit to full participation in the program from May 22nd – August 14th. I also understand that I will be expected to attend every class lecture, lab and recitation as denoted by the program staff. As I will be enrolled in the Biology 115/116 course sequence, I understand that earning any grade less than a “C” in Biology 115 will be cause for automatic dismissal as the program defines passing as earning a “C” or better. Should I fail to earn a passing grade, I will be asked to leave the program immediately and forfeit my right to continue enrollment in Biology 116.

I also understand that the program requires my attending classes from Monday – Thursday 8am – 6pm and Fridays from 10am – 12pm (with intermittent Saturday sessions to review for exams). I acknowledge that I must be respectful of faculty, staff and students at all times, or risk expulsion from the program. If asked to leave the program for misconduct, I understand that I forfeit my right to tuition and housing costs must arrange to pay the summer term bill no later than the third week of August. Furthermore, I understand that providing false information or failure to comply with the requirements for participation will result in my being expelled from the program.
